"Beari" another beautiful "Ch Capone" daughter.

"Beari" went to the Berry's for Christmas break so Shelby could begin training her for the show ring and performance. She wormed herself into everyone's hearts with her delightful personality and hasn't come home since..

So, another permanent home and a co-ownership with Shelby.

She will be Shelby's new project for Junior showmanship; conformation and performance.

Only time will tell how far these two will go in the ring.

Day at the Park!!

Beari spent the afternoon with Shelby and three other dogs enjoying the fall day!
